

Team Emerald Late Work Policy

Dear Students/Parents,

We understand there are several reasons for students not being able to complete or turn in their work, but we must prepare students for the seventh grade. Students must take one-hundred percent responsibility for the work they have not completed or turned in. Students must also be able to communicate effectively with us, their teachers, if they have lost or misplaced an assignment. Please note there will be points deducted for late assignments. If you have questions about how students make up work after being absent, please refer to the student agenda.

Policy:

1st Quarter- Students have four days to turn in a missing assignment after its original due date.

2nd Quarter- Students have three days to turn in a missing assignment after its original due date.

3rd Quarter- Students have two days to turn in a missing assignment after its original due date.

4th Quarter- Students have one day to turn in a missing assignment after its original due date.

Please let us know if you have any questions.

Sincerely,

Team Emerald Teachers
